Support Register*

**A community care initiative for the benefit  
of residents and those in need of community  
support on the Bellarine Peninsula**

## What is it?

It is a confidential register of your contact and medical information, accessible by the police in case of emergency.

## Why have it?

So the local police can access your medical or emergency contact details stored in a confidential database in the case of an accident or sudden illness. You will also have a BCSR member ID to carry with you in case of an incident.

## Who can register?

Registration is open to all residents living on the Bellarine Peninsula.

## How does it work?

The service is managed by a group of registered volunteers working at the Bellarine Police Station in Ocean Grove who collate your information then prepare a welcome pack which is posted to you explaining the service. If requested, volunteers make care calls to registrants on a designated weekday morning. All volunteers have undertaken police checks and signed confidentiality agreements.

## How do I join?

Registration forms are available from any Police Station on the Bellarine Peninsula or contact our office on:
